A Happy, Healthy, and Prosperous New Year

This month we rang in a new decade of SlingShot Assembly. From our growing team in Colorado and Wisconsin, we wish you and yours a wonderful start to 2020, and we look forward to working with you in the New Year.

SlingShot Assembly offers:

1. Quick-Turn, Full Turnkey PCB Assembly.
2. Prototyping and Production.
3. State-of-the-Art facilities in Denver and Wisconsin.
4. Quick, responsive and open communication with our staff throughout project lifecycle.
5. ISO 9001-2015 and AS9100 certified, ITAR registered.
6. DFA check prior to your job rolling out to the floor.

Chinese New Year Closures (Not Us!)

Do you need PCB prototypes delivered before February 8th? This weekend is also the Chinese New Year. While many of our overseas competitors will be closed for the long holiday these next two weeks, we are operating business-as-usual.

SlingShot Assembly is proud to be your one-stop-shop for USA-Made PCBs. Our 2-day and 3-day turnaround times remain unaffected despite the Chinese New Year holiday that impacts many others in our industry.

Quote online in minutes, or send your files directly to sales@sassembly.com to receive a custom same-day quote from our dedicated team.

Engineering and Design Tips & Tricks:

1. Including CAD data with your Gerber files increases DFA accuracy and speed
2. Call out wash sensitive parts on your assembly drawing or in the quote request
3. Include alternate engineering contacts if you will be unavailable during the assembly time.
